Daehong Kim

Computational Design

iamdaehongkim@gmail.com
https://aaaamo.github.io
+1 (412) 266 7474
Pittsburgh, PA

Education

Carnegie Mellon University — Pittsburgh, PA
Master of Science in Computational Design — Aug 2025 - Present
Thesis in progress on neural rendering as visual feedback during modeling.

Seoul National University — Seoul, South Korea
Bachelor of Architecture, cum laude — Mar 2013 - Aug 2020

Korea Science Academy of KAIST — Busan, South Korea
Mar 2010 - Feb 2013

Experience

Computational Design Laboratory, Carnegie Mellon University — Pittsburgh, PA
Research Assistant — Sep 2026 - Present
Interactive Reconstruction of Ivan Sutherland's Sketchpad, rebuilt for exhibition at the Computer History Museum. — Advisor: Daniel Cardoso Llach

Lawrence Livermore National Laboratory — Livermore, CA
Computing Scholar Intern — Summer 2026
Designed and built LEDGER, a tracing and review system for LLM agent sessions. — Mentor: Shusen Liu

Regenerative Structures Laboratory, Carnegie Mellon University — Pittsburgh, PA
Research Assistant — Fall 2025
Developed Interactive Structures XR, an AR application for building and analyzing structures on Meta Quest 3. — Advisor: Juney Lee

Joint — Seoul, South Korea
Freelance Computational Designer and Co-Developer — Jun 2024 - Aug 2025
Web application that generates architectural section details from line drawings.

Zenerate — Seoul, South Korea
Lead Computational Designer — May 2021 - May 2024
Led a team of four developing a cloud-based feasibility study tool for multifamily modular housing. Wrote the core algorithms and managed the database architecture.

Project: Architecture — Seoul, South Korea
Intern — 2016, 2019
Project manager for the Seoul Foreign School monument.

Publications

Interactive augmented reality platform for embodied learning of structural design — 2026
Daehong Kim, Juney Lee
Proceedings of IASS-IWSS 2026, Turin, Italy

LEDGER: Claim-to-Evidence Trace Graphs for Auditing LLM Agents — 2026
Daehong Kim, Haichao Miao, Shusen Liu
arXiv preprint arXiv:2608.18398

Daehong Kim

Awards

Nervi Prize, Honourable Mention, IASS-IWSS 2026 — 2026

Commendation, Carnegie Mellon Architecture, Spring 2026 — 2026

Encouragement Award, undergraduate thesis *Shoppertoire*, Seoul National University — 2020

Ohwoon Foundation Scholarship — 2014 - 2017

Relevant Courses

Graphics	15-662 Computer Graphics, 15-668 Physics-Based Rendering, 15-674 Neural Graphics*
Vision and ML	16-720 Computer Vision, 11-741 Machine Learning with Graphs, 10-623 Generative AI*
Geometry	15-859 Computational Geometry*
Robotics	48-755 Introduction to Architectural Robotics, 48-757 Architectural Robotics with Perception
Design Research	48-727 Inquiry into Computational Design, 48-620 Situating Research, 48-715/716 Pre-Thesis*

* In progress, Fall 2026.

Skills

Programming	Python, C#, C++, JavaScript, SQL
Frameworks	PyTorch, Unity, Three.js, React.js, Node.js, ROS
Software	Rhinoceros 3D, Grasshopper, Blender, AutoCAD, QGIS, Adobe Creative Suite
Languages	Korean (native), English (fluent, TOEFL 118, IELTS 8.5)
Other	Auxiliary Police, Seoul Metropolitan Police Agency, Jul 2017 - Mar 2019
